RESPONSE TO RESTRICTION REQUIREMENT

In the Office Action mailed February 25, 2005, the Examiner states that the present Application contains two patentably distinct inventions. The Examiner is requiring the Applicant to elect a single disclosed invention for examination. Specifically, the Examiner is requiring the Applicant to elect between a first invention, Invention I, recited in Claims 1-10; Invention II, recited in Claims 11-36 [sic]; and Invention III, recited in Claims 38-49. For purposes of the present response, Applicant assumes that Invention II is also recited in Claim 37, which depends from Claim 24.

Applicant elects without traverse Invention I, recited in Claims 1-10.

The Examiner is invited to contact Applicant's undersigned representative if the Examiner believes such action would expedite resolution of the present Application.

Respectfully submitted,
WAGNER, MURABITO & HAO LLP
